Processing time for visa issuance

Regular procedure	6 working days
Express procedure	3 working days

Validity of visas

Single entry visas are valid for 3 months from the date of issue. One entry is allowed at any time before the last day of validity for a maximum stay of 30 days.

Double & Multiple entry visas are valid for 6 months from the date of issue. Entry is allowed within these 6 months for a maximum stay of 30 days per entry.

Multiple entry visas are valid for 12 months from the date of issue. Entry is allowed within these 12 months for a maximum stay of 30 days per entry.

Only under special circumstances the embassy will issue a visa in which the duration of stay can be over 30 days.

Fingerprints

With the introduction of biometric visas, for which fingerprints are now required, every applicant must appear in person at the Visa Centre. The submission of fingerprints is valid for five years, provided that the application is made with the same passport. CSW can then organize all subsequent visa applications (within the five years).

Note! The embassy does not automatically issue the visa as you requested (e.g. double entry instead of multiple). Also, the embassy can at any time request additional documents.

Please contact us for further questions.
